

**SELECTION DRIVE FOR 25 MASTER MENTORS (CURRENT
IGDTUW STUDENTS) FOR “SAKHI” PROGRAMME**

Brief About the Project:

Sustainable Development Goal 5, is focused on the equality and empowerment of women. Women also constitute the most vulnerable section of society and fare poorly on many socio economic indicators. IGDTUW , being a women institute, wants to harness the intrinsic strengths of compassion and empathy of its women students to work for the empowerment of girls and women in Delhi.

The initiatives that University wishes to undertake are-

EACH ONE TEACH FIVE

To provide necessary hand holding to the Girl students to reduce the dropout rate by plugging information gaps, raising awareness about resources available and by support in learning and motivation building of girl students of Grade IX to XII.

REACHING THE UNREACHED

To open opportunities for women to restart their career, which may have got discontinued because of various reasons like marriage, child birth, etc?

This project is a highly prestigious social outreach project of IGDTUW in association with the Government of NCT of Delhi. The project is slated to be rolled out on 8th march 2021.

At present, out of all the girls studying in 11th and 12th class in Delhi Government Schools only around 14% is studying science. The reasons are many including lack of awareness about career choices, affordability, socio economic reasons, lack of role model, etc.

The project aims to reach out to the higher secondary female students through the students of IGDTUW, with an aim to motivate them to study further, dream big, and become empowered. The IGDTUW mentors will raise the awareness of girls about career options, admission timelines, financial resources available, besides inspiring and encouraging them by their own life stories and experiences.

What is expected from Master Mentor’s (Job description):

The master mentors, 25 will assist core team of faculty members (of SAKHI Project Management Unit) in supporting and handholding the mentors (IGDTUW students), help in project implementation, coordination, monitoring and evaluation. They shall share their experiences and stories in different forums, and help in up-scaling the project.
