Three day visit to Chandigarh for study of climate responsive architecture

Chandigarh is one of the most significant urban planning experiments of the 20th century. It has been declared a UNESCO World Heritage Site in 2016. It is the only one of the numerous urban planning schemes of Le Corbusier, the famous Swiss- French architect-planner, to have actually been executed. It is also the site of some of his greatest architectural creations. The city has had far-reaching impact, ushering in a modern idiom of architecture and city planning all over India and has become a symbol of planned urbanism. The tour was conducted which serves as a great academic interest to all the students of B.Arch. second year visited Chandigarh along with Faculty members Ar. Preeti Chauhan, Ar. Venus Kashyap. A total of 25 students went for the educational trip. The three day tour from 02-11-2016 to 04-11-2016 had a very engaging itinerary which included visits to Museum & Art Gallery, Sector 10, Chandigarh, and visit to Chandigarh College of Architecture, Sector 12, and Visit to the Hon'ble High Court, Open Hand Monument, Punjab Assembly and the top floor of Punjab & Haryana Civil Secretariat to study the famous Le Corbusiers work. Outdoor visits to spaces like War memorial and Sukhna Lake and rock garden were as also conducted. The entire trip was funded by the university.
